CHICAGO

2019 Event Series

Building a healthier Chicago

The mission and purpose of CommunityHealth's All In™ campaign is to make Chicago the first major metropolitan city to have a fully functioning system in place ensuring that everyone has access to the right care, at the right time, in the right place. In order to achieve our goal of access to health care for all Chicagoans, we need participation from everyone to make it happen.

In the spring of 2019, CommunityHealth invites all Chicagoans to participate in the All In™ campaign through a series of educational and social events to discuss and generate solutions for providing accessible health care to all Chicago residents.

Featured events and activities will include:

- Educational Workshops
- Media Opportunities
- Networking Events
- Round Table Discussions
- the 5th Annual All In™ Chicago Breakfast Summit
- the All In™ Chicago 2019 Celebration Event
- and more!

As the largest free health clinic in the nation, CommunityHealth convenes stakeholders and community leaders to explore the remaining gaps in coverage, to identify barriers to care that still remain for some Chicagoans, and to discuss ways we can work together to overcome them. Providing people with the opportunity to be healthy allows them to be better parents, employees, neighbors, and citizens.

Together, we can build a healthier Chicago.

Join us at All In™ Chicago 2019 Event Series

Community, Collaboration, Thought Leadership

Spring 2019

About CommunityHealth

CommunityHealth is the largest free clinic in the country serving a low-income, uninsured population. CommunityHealth's unique model of service delivery is made possible by more than 1,000 volunteers, donors, and partners who are committed to high-quality care at no cost to patients.
